STRUCTURE AND CONTENT OF THE MAGAZINE

TABLE OF CONTENTS

THE LIST OF CONTENT AND TOPICS THAT WILL BE DISCUSSED AS YOU PAGE ALONG TO OUR WEBSITE

INTERVIEWS with staff/students (Observations and Opinions)

This is the part where we interview anyone (student/employees); it doesn't matter, under the premises of the school. We will be asking them to share their experience and their feelings on their take so far since they joined rosebank college, the disadvantages they've come across, and the advantages they've felt with rosebank college.

ADVATISEMENTS OR ADS

Students will also get a chance to advertise their businesses like brands (fashion & style), musicians (DJ's & artists), pop-up shops (food & cooking), and expected events as a form of supporting one another.

BOARDNEWS & ANNOUNCEMENTS (campus news and campus events)

This part will be about updates, what is going on in the office; a little brief information for parents and students they might need to hear, achievers of the week or new plans that will need execution. assignments & deadlines within the board (e.g., health & wellness, environmental focuses, education updates, events & meetings, etc.).

OPPORTUNITIES/OPEN POSITION (student research, projects and events)

This is where we will be sharing what we call 'plug'. We will be plugging the students with the information they need, the live events that happen inside/outside the premises of the school every now and then that the students don't know about. We will be focusing on providing valuable information for every faculty the school has, most importantly the contact details they will need to follow if they are interested in that particular event/position.

CONCLUSION

This magazine will be a lasting, meaningful addition to our institution as it will be promoting creativity and communication skills to our students and staff, enhancing student engagement and campus culture, and also adding to the college's reputation for nurturing student talent. It will not only inform but inspire, giving students a voice and a platform to oversee the future.

Article Page Wireframe

A wireframe shows the **basic layout** of the magazine website.

Homepage Wireframe (Sample Layout)

Sitemap

This outlines the **structure of the magazine website**.

Root (Homepage)

- Home
- Campus News & Announcements
- Student Achievements
- Creative Writing & Art
 - Poetry
 - Short Stories
 - Illustrations
- Academic Highlights
- Clubs & Societies
- Events (Sports, Cultural, etc.)
- Opinions & Editorials
- Interviews (Staff & Students)
- Careers & Alumni Spotlights
 - Career Advice
 - Alumni Success Stories
- Contact Us

Assets

Assets are the **resources needed** for design, branding, and publishing.

Visual Assets

- Rosebank College Logo (PNG & SVG formats)
- High-quality campus photos
- Student-submitted artworks, illustrations, and photography
- Event photos and videos
- Icons for navigation (home, news, events, etc.)

Digital Assets

- Domain/Hosting space for the online magazine
- Design templates (Canva/Adobe InDesign)
- Typography (college-approved fonts)
- Color palette (college brand colors)

Content Assets

- Articles (news, achievements, creative pieces)
- Interview transcripts with staff/students
- Student profiles (with permission)
- CV tips, career guides, alumni stories
